

## SCENE 1

*(the snowflakes introduce themselves)*

**Snowflake 1:** Hello, everyone! You look very pleasing.  
We like it very cold, so we hope you're not freezing.

**Snowflake 2:** My name is Snowflake.

**Snowflake 3:** Me, too!

**Snowflake 4:** Me, too!

**Snowflake 5:** We're all here to sparkle and glisten for you.

**Snowflake 6:** We started as water, way up very high,  
And fell to the Earth from a cloud in the sky.

**Snowflake 7:** When we start to fall, it's a beautiful sight,  
And soon everything is covered in white.

**Snowflake 8:** A snowflake's a snowflake, by any other name.  
Although we're alike, no two are the same.

**Snowflake 9:** Some of us are big.

**Snowflake 10:** Some very small.

**Snowball:** When we stick together, we make a snowball.

*(a snowball whizzes by)*

**Snowflake 11:** Some of us are wet.

**Snowflake 12:** Some kind of dry.

**Snowflake 13:** When the winter wind blows, we all like to fly.

**Snowflake 14:** Some come down fast.

**Snowflake 15:** Some just go slower.

**Snowflake 16:** You might like us best, if you own a snow blower.

**Big Flake:** I'm the biggest flake, by far.  
When it comes to flakes, I'm the star. *(strikes a pose)*

**Littlest Snowflake:** And I'm the littlest and that's just fine.  
I may be tiny, but watch me shine.

**Medium Snowflake:** We may look silly, but for goodness sakes,  
We're a blizzard of snowflakes!

## SCENE 2

**Snowflake 17:** We've been lying around here for more than a day,  
Waiting for kids to come out and play.

**Snowflake 18:** It's all been fine and clean up 'til now,  
But I hate to tell you, here comes a SNOWPLOW!

**All:** Ahhhhhh!! *(All the snowflakes fall over as though a snowplow went by.  
Then they stand up and are grossed out and upset by how dirty they are.)*

**Snowflake 19:** Oh boy! Oh boy! Just look what a mess.  
That snowplow has splattered mud on my dress.

**Snowflake 20:** You can hardly tell that I was once white.  
That snowplow has made me a terrible sight.

**Snowflake 21:** Look at me! I'm covered with dirt.  
There's dirt on my shirt and dirt on my skirt!

**Snowflake 22:** You know what it means when snow mixes with dirt.  
I knew this would happen. Here come the Snirts!!!

*Enter the Snirts!*

### SCENE 3

- Snirt 1:** Hey, flakes. Wassup! I bet you're glad we're here.
- Snirt 2:** We thought we'd come around and spread some winter cheer.
- Snirt 3:** We look a little grubby when we're standing next to you. But being grubby is our thing. It's what we Snirts do.
- Snowflake 23:** Hi, Snirts. We thought you'd show up. We've been expecting you. It just wouldn't seem like winter, without a Snirt or two.
- Snirt 4:** Thanks, pal. We do our best to make a winter mess. Sorry if we came too soon, or at the wrong address.
- Snowflake 24:** No! No! You're right on time, just when things look nice. You always show up with the mud and mix it with the ice.
- Snowflake 25:** We were hoping you could help us. We always count on you. The Littlest Snowflake is over there and feeling very blue.
- Snirt 5:** What's the problem with that flake? She's cute as she can be. Is the problem that she's on the ground, instead of in a tree?
- Snirt 6:** Does she wish that she had landed on a mountain or a snowy hill?
- Snirt 7:** Or maybe she'd be happier somewhere in Brazil!
- Snowflake 26:** No! No! That's not it. She's glad she's here with us. She didn't even mind, when she got splattered by a bus!

**Snowflake 27:** It didn't bother her when a kid slid on his bike.  
It's just, she's feeling sad because we're all alike.

**Snowflake 28:** She's really very happy that all of you came.  
She just thinks that each of us is just the same.

**Snowflake 29:** Well, I never really thought of that. Maybe she is right.  
After all, we're frozen vapor and most of us are white.

**Snowflake 30:** We all started in the clouds and found our way to Earth.  
And we do sort of look alike, for all that looks are worth.

**Snirt 8:** Now I'm getting quite depressed. I'm feeling rather blue.  
I look around and understand I'm just the same as you.

**Snowflake 31:** Millions and millions of snowflakes, when all is said and done.  
Millions and millions of snowflakes and I'm just one.

## SCENE 4

**Snirt 9:** Well that's the silliest song to sing, the silliest song I've heard.  
All this talk of nothing special is totally absurd!

**Snirt 10:** Snirt 9, you said it right! That song has got it wrong.  
I've never heard a wronger song and I've heard lots of songs.

**Snirt 11:** Of course, we all are similar and that's okay,  
But everyone is special in their very own way.

**Snirt 12:** Look at all those people sitting out there in their seats.  
Not a single one of them repeats and repeats.

**Snirt 13:** Some of them are little; some are very tall.  
Some of them have lots of hair; some have none at all!

**Snirt 14:** Some of them are singers; others like to dance.  
Some would play golf everyday, if their spouse gave them a chance.

**Snirt 15:** Some are really fast; some are kind of slow.  
Some are happy in the sun; others like the snow!

**Snirt 16:** Some are rather quiet; some are really loud.  
Some are really with it; some have heads up in the clouds.

**Snirt 17:** But everyone is special in their very own way,  
Just like every snowflake that has fallen here today.

**Snirt 18:** If it seems we're all alike, then part of that is true.  
But no one is exactly the same. No one else is you!

## SCENE 5

**Littlest Snowflake:** Well, I feel so much better. Thank you, Snirts. Thank you, all. Whenever I need cheering up, I'll give a Snirt a call.

**Snowflake 32:** You Snirts were great for showing us, that though we're much the same, Everyone is special. That's the best name of the game.

**Snirt 19:** Now don't get all sentimental; enough of all this mush. If it gets any warmer, I'm going to turn to slush!

**Snirt 20:** Let's celebrate this winter, appreciating all our friends; Happy that we're all alike, but different in the end.

**Snowflake 33:** We hope you all were happy with this little con-cert. Remember, you're as special as a snowflake...

**All Snirts:** or a snirt!
